

25PY101: Engineering Physics

Dr. Sreekar Guddeti

June 31, 2026

Summative preparation (Practice)

EBG, Planck

Instructions

- Answer all questions.
- Show all the calculation steps clearly.
- Draw neat and properly labeled diagrams.
- Use SI units wherever necessary.
- In cheat-sheet, sections marked **red** are compulsory.

Questions

Q1. Energy band gap of semiconductor

Prepare cheat-sheet for energy band gap of semiconductor practice.

Q2. Photo-electric effect

Prepare cheat-sheet for photo-electric effect practice.

Cheat-sheet:

Aim:

Apparatus:

Working Formula:

Circuit diagram:

Model graph:

Table for data collection:

Procedure:

Precautions:

Calculations:

Result:

Applications:
